Community Liaison (CL) Debrief Meeting Outcomes:

Lessons Learned:

- Utilizing Community Liaisons allowed City to access hard-to-reach populations and ensure more representative community engagement process
- Early engagement and training of CLs is essential in facilitating successful community outreach

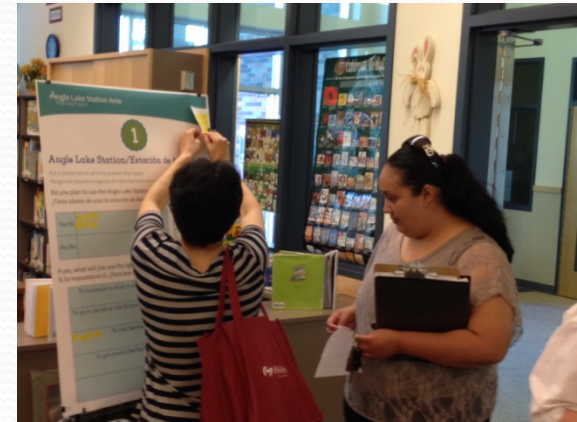

CL Debrief Outcomes (cont.)

CL's Project Notes:

- Because of language and cultural issues, some CLs felt intimidated at public workshops and found it difficult to share their opinions

CL's Recommendations for Improving Process:

- Incorporating more time and resources toward targeted outreach activities would be helpful in raising public awareness and attracting project participants

Community Liaison Station Area Questionnaire Response Data

- Please see “Exhibit B-2” for compilation of responses from station area questionnaires gathered by Community Liaisons
