Presentation(s)**

Mary Ellen Stone, Executive Director of KCSARC shared that their purpose is to alleviate, as much as possible, the trauma of sexual assault for victims and their families. Their mission is to give voice to victims, their families, and the community; create change in beliefs, attitudes, and behaviors about violence; and instill courage for people to speak out about sexual assault. They are shifting their message to be "Loud about sexual assault" and to hold offenders accountable. New program, Project 360 is a partnership with YouthCare and Friends of Youth to offer specialized case management, parent engagement, job prep/training, GED and housing, recognizing the trauma young people face with homelessness and sexual assault.

Phoebe Anderson, Chief Program Officer with Child Care Resources, shared that every child deserves a great start. SeaTac families are receiving services for child care, education in what high quality care looks like and are encouraged to look for a play-based/experiential/K-Readiness program.
