35	28th Ave S/509 WB Ramps	D	- ⁵	- ⁵
36	28th Ave S/509 EB Ramps	D	- ⁵	- ⁵

Notes:

1. WSDOT Standards used for On/Off Ramp intersections
2. HCM 2000 used for LOS due to non-standard signal phasing. Consideration may be given to updating signal phasing to NEMA control for final analysis.
3. Stop controlled under existing conditions
4. Intersection was under construction at time counts were completed
5. Intersection does not exist under existing conditions

Indicates LOS E operations

Indicates LOS F operations
