**A Smoky Bedroom Fire Displaces Family of Three**

A smoky bedroom fire has displaced a family of three from their apartment just after midnight this morning. The fire, in the 3700 block of S. 180th Street, was reported at 12:17 AM. The caller reported a small bedroom fire that was growing rapidly. The building fire alarm sounded and the building was evacuated.

The first arriving fire department emergency unit reported heavy dark smoke showing from one end of the 3rd floor of the building. Due to the size of the apartment building and the number of residents a 2nd alarm was requested immediately which brought additional emergency units and personnel to assist. Firefighters entered the building and found heavy smoke conditions on the 2nd and 3rd floors. The firefighters found the fire in a 3rd floor bedroom and were able to quickly extinguish the fire. Firefighters then searched the apartment for any hidden fire in the walls and ceiling and found none. The fire was called extinguished at 12:43 AM.

The cause of the fire was determined by the Kent Fire Investigator to be combustibles too close to the baseboard heater. Damages were estimated at \$75,000.00.

The displaced family is receiving housing and other assistance through the American Red Cross. There were no reports of injuries to residents or firefighters.

**Shooting - No Injuries**

At about 11:00 PM on January 27, SeaTac Officers responded to reports of gunfire in the area of 19278 11th Place S. Officers found a chaotic scene in the parking area with a lot of people running around and reports of a vehicle leaving the scene quickly. Officers checked several apartments and talked to many people in hopes of identifying a possible victim and/or suspects. No victim was found although an occupant of one apartment was bleeding from a minor facial wound and a window was broken. None of the potential witnesses or victims were forthright about what happened but it is clear that there was an altercation, likely involving gunfire. No known injuries, no suspects in custody.
