## Recology CleanScapes 2017 Rate Adjustment

The annual rate adjustment for Recology CleanScapes customers will take effect January 1, 2017. There are two components of the new rates – the Annual Rate Adjustment that is part of Recology CleanScapes contract and an increase by Metropolitan King County Council in solid waste disposal fees at all King County transfer stations. Both adjustments will be reflected in the 2017 rates. So the basic rate for a residential 45 gallon tote monthly service, which includes recycling and yard & food waste, will increase by \$1.11 (\$0.91 King County disposal increase; \$0.20 Recology CleanScapes for their annual adjustment). This rate does not include the moderate risk waste surcharge and states refuse tax that are itemized separately on customer's invoices. Self-haulers will also have the King County disposal increase reflected in the cost to dispose of their garbage at King County transfer stations starting January 1, 2017. 2017 rates will be on the Recology CleanScapes service guides customers should receive in December.
