

Registration Deadline Extended for the Spring 2017 Community Leadership Academy

The deadline for registering for the spring 2017 Community Leadership Academy has been extended to Noon - Monday, May 1.

The City designed and launched its first Community Leadership Academy last spring. We received very positive feedback from last year's attendees which prompted us to hold a session again this spring.

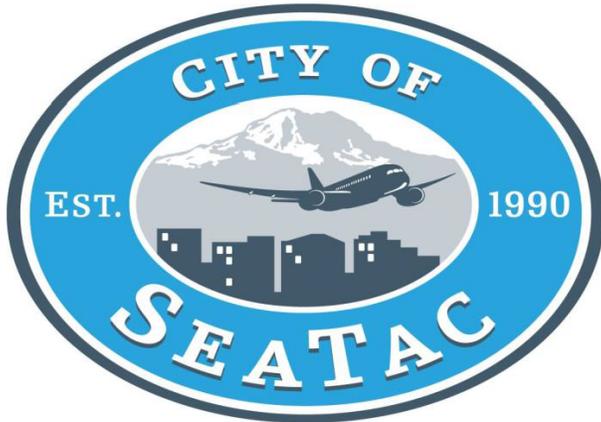

The Academy was developed to provide an opportunity for members of our community to learn more about local government, how to effectively participate in the process, and to meet city staff. The sessions run for 8-weeks with weekly classes on Wednesday evenings from May 3 through June 21 from 6:00 – 8:00 PM at City Hall, with two classes held off-site at the community center and maintenance shop.

There is no charge to attend, but registration is required to reserve a spot. The Community Leadership Academy is open to people who live, work or attend school in SeaTac. To apply, visit the website: www.CityofSeaTac.com/CommunityLeadershipAcademy.

Town Hall Meeting

On April 26, the SeaTac City Council held a Town Hall Meeting at the SeaTac Community Center. Approximately 40 members from the public were in attendance, as well as the SeaTac Leadership Team. Council responded to questions from a variety of topics, including Council accomplishments, Budget, Parking Tax, and promotion of SeaTac businesses. Questions were noted and will be responded to at a future date by City staff or Council as appropriate. Council and staff were praised for improvements made in the past 16 months.

Public Works Project Updates

Connecting 28th/24th Avenue S.

Project extends new roadway and non-motorized improvements from the intersection of S. 200th Street and 26th Avenue S. to the intersection of S. 208th Street and 24th Avenue S. It completes the gap in the 28th/24th corridor and provides an alternate north/south arterial to SR 99. It mitigates congestion and improves multi-modal access to the Angle Lake Light Rail Station in lieu of widening SR 99. The project is a regional partnership between SeaTac, Sound Transit, Port of Seattle, WSDOT and Des Moines. Access will enable development of adjacent properties.

Update:

- Removal of bridge deck false work continues.
- Relocation of utility poles on S. 208th Street/24th Avenue S continues.
- Installation of rebar for bridge barrier.
- Backfilling area south of the tunnel continues.
- Installation of fencing on the north end of project continues.
- Erosion and sediment control continues.

2017 Overlay Project

The following roadways will be included in the 2017 overlay: 12th Place S. and 13th Avenue S. between S. 200th Street and S. 207th Street and S. 207th Street between 12th Place S. and 14th Avenue S. Highline Water District (HWD) will be replacing all of their water lines and services within the project limits. An ILA is being drawn up between the City and HWD to incorporate the water line replacement work into the 2017 Overlay project plans.

Update:

- An Open House has been scheduled for this project on May 3, 6:30 PM at the North Hill Elementary School. Additional stormwater improvements are being considered for the project which may delay construction until 2018.

S. 168th Stormwater System Improvements

- Project survey is complete and preliminary design has begun. Project is anticipated to bid in July.

ADA (American Disability Act) Transition Plan

- Transpogroup and the City will be working together over the course of the next few weeks to develop a scope of work.

Permit Parking Program

- Four consultants will be interviewed this week and one will be selected.

Military Road and S 152nd Street

Improvements for this road reconstruction and safety project include construction of buffered bike lanes; curb and gutter; sidewalks; new pavement; installation of street lighting; upgraded and interconnected signalization with pedestrian crossings; construction of a right turn lane on eastbound S. 152nd Street; and the elimination of the skewed intersection at Tukwila International Blvd. and Military Road S. This project is scheduled for construction in the summer of 2018.
