

May is Puget Sound Starts Here Month

Puget Sound Starts Here (PSSH) is a public awareness campaign connecting more than 750 organizations across the Puget Sound region's 12 counties. Partners in this campaign include federal, state and local governments, tribes and non-governmental organizations dedicated to protecting Puget Sound. Puget Sound Starts Here is a campaign to unite efforts throughout the Puget Sound region with the goal of improving the health of Puget Sound. When people work together, small actions make a big difference.

Pollution in Puget Sound threatens our food, our water, and our livelihoods. When it rains, water flows over hard surfaces like house roofs, parking lots, driveways, lawns where the soil has packed down, and streets, picking up animal waste, lawn chemicals like fertilizer and pesticides, oil and car leaks, and many other pollutants along with the rain flow. This polluted water then flows through ditches or storm drains and into our local streams, rivers, lakes, and wetlands that eventually empty into the Puget Sound. Most runoff is not treated.

Together we have the power to fix our local waterways and Puget Sound. Just a few simple changes will make a significant difference.

- In your yard: use fertilizers and pesticides sparingly, or just use compost.
- With your car: take your car to a commercial car wash and have oil leaks fixed.
- Around your dog: pick up dog waste, double bag it and place it in the trash (not in the yard waste bin).
- At home: from cleaning products to septic tank maintenance, be aware of how you care for your home and how it affects the environment.

Puget Sound Starts Here Night at the Mariners! Sign up for the Mariners Game Sunday, May 21 at 1:10 PM, White Socks vs. Mariners. To purchase tickets (\$37 Main Level) or for more information, please call 206.346.4519 or [visit the website](http://www.pugetsoundstartshere.org) and enter the promo code: SALMON. Deadline to purchase tickets: Friday, May 19 – 5:00 PM.

For more information regarding the problems facing the Puget Sound, along with workable solutions to reduce pollution in our waters, visit www.pugetsoundstartshere.org

Through this interactive program touch, hear and play many instruments and be introduced to the world of music.

Talk Time Classes

Wednesdays, 1:00 - 2:30 PM

Practice speaking English with other English language learners. Learn about American culture and meet people from around the world. Classes are free, join anytime!

Public Works Project Updates

Connecting 28th/24th Avenue S.

Project extends new roadway and non-motorized improvements from the intersection of S. 200th Street and 26th Avenue S. to the intersection of S. 208th Street and 24th Avenue S. It completes the gap in the 28th/24th corridor and provides an alternate north/south arterial to SR 99. It mitigates congestion and improves multi-modal access to the Angle Lake Light Rail Station in lieu of widening SR 99. The project is a regional partnership between SeaTac, Sound Transit, Port of Seattle, WSDOT and Des Moines. Access will enable development of adjacent properties.

Update:

- Removal of bridge deck false work continues.
- Pour barrier and luminaire foundation on east side.
- Backfilling area south of the tunnel continues.
- Prepping driveways and S. 208th/24th Avenue intersection for paving.
- Pour driveway approaches.
- Erosion and sediment control continues.

2017 Overlay Project

The following roadways will be included in the 2017 overlay: 12th Place S. and 13th Avenue S. between S. 200th Street and S. 207th Street and S. 207th Street between 12th Place S. and 14th Avenue S. Highline Water District (HWD) will be replacing all of their water lines and services within the project limits. An ILA is being drawn up between the City and HWD to incorporate the water line replacement work into the 2017 Overlay project plans.

Update:

- An open house for this project took place on May 3 at the North Hill Elementary School and was well attended. Public comment and feedback was shared that will help staff to refine the project scope and design.

S. 168th Stormwater System Improvements

- 60% plans are expected to be distributed this week. Project is anticipated to bid in August.

ADA (American Disability Act) Transition Plan

- Transpogroup and the City will be working together over the course of the next few weeks to develop a scope of work and is scheduled for council review on June 13.

Public Works Project Updates Continued

Permit Parking Program

- Transpogroup has been selected to develop the Permit Parking Program. A scope of work is in development and is scheduled for council review on May 23.

Military Road and S. 152nd Street

Improvements for this road reconstruction and safety project include construction of buffered bike lanes; curb and gutter; sidewalks; new pavement; installation of street lighting; upgraded and interconnected signalization with pedestrian crossings; construction of a right turn lane on eastbound S. 152nd Street; and the elimination of the skewed intersection at Tukwila International Blvd. and Military Road S. This project is scheduled for construction in the summer of 2018.

- The project was presented to the City Council on May 9 for authorization to enter into a professional services contract with Parametrix, Inc. The agenda bill has been placed on the consent agenda for May 23.

Police News

Walk, Watch and Call Training - Bow Lake Community

On Monday May 8, members of the SeaTac Police Department met with 40 members of the Bow Lake Residential Community to enlist them as partners in our Walk, Watch and Call program. The purpose of the program is to teach people, who typically walk in their communities, to be alert and aware of their surroundings; which helps ensure their own safety and allows them to be good witnesses to crime and suspicious circumstances that may occur around them. The program focuses on observation, not intervention, and urges community members to walk with their cell phones so they can call 911 immediately if they need to report something.

If you are interested in the Walk, Watch and Call program for your neighborhood, please inquire further at pdvolunteer@ci.seatac.wa.us or by calling 206.973.4900.

Mail Theft Prevention Meeting - Repeat Notice

Please join members of the SeaTac Police and United States Postal Inspectors in a prevention-oriented community meeting to discuss the realities of mail theft, identity theft and mail fraud. Crime prevention materials will be available.

The meeting will be held at SeaTac City Hall, Council Chambers on Monday May 22, between 6:00 - 7:30 PM. The event is open to anyone who wishes to attend.
