

### Public Works Community Engagement

Public Works will be holding a public meeting to discuss potential changes to 12th Avenue S. between S. 207th Street and S. 204th Street. Specifically, the meeting will focus on ideas to improve channelization and traffic flow at this location in an effort to address the concerns of residents over the current configuration. The meeting will be held on Monday, May 22, at 6:00 PM in the Riverton Room at the City Hall.

### Northbound I-5 Summer Weekend Lane Closures

Drivers should be prepared for eight weekends of lane closures on northbound I-5 between SeaTac and Tukwila this summer. WSDOT Crews will be replacing expansion joints and repaving about four miles of the interstate, as part of a larger I-5 rehabilitation project from Kent to the Duwamish River.

The weekend-long work will reduce northbound I-5 to two lanes from 10:00 PM Friday to 5:00 AM Monday:

- SR 516 to S. 170th Street: June 2-5, 16-19, 23-26, and June 30-July 3; July 7-10, 14-17
- Duwamish River Bridge: Dates in late summer/fall to be announced
- All dates are weather-dependent

Drivers can expect delays of up to 20 to 40 minutes, depending on how many people choose to use alternate routes, delay their trips, or use transit and carpool.

The Port of Seattle's replanting approach in existing mitigation areas near Sea-Tac Airport provides multiple layers of vegetation and diverse native forest. [Click to watch a video about similar expectations for the Flight Corridor Safety Area replanting.](#)

The public is invited to a workshop on the Sea-Tac Airport Flight Corridor Safety Program June 5, 6:00 – 8:00 PM, at McMicken Heights Elementary School, 3708 S. 168th St., SeaTac.

Last year, the Port of Seattle Commission called for more community engagement before deciding on the removal and replanting approach for over height trees on Port properties along S. 200th Street.

This will be the fourth public update workshop on this topic. Child care, food and interpreters will be provided. If you can't make it, visit the online open house [website](#).

# Public Works Project Updates

## Connecting 28th/24th Avenue S.

Project extends new roadway and non-motorized improvements from the intersection of S. 200th Street and 26th Avenue S. to the intersection of S. 208th Street and 24th Avenue S. It completes the gap in the 28th/24th corridor and provides an alternate north/south arterial to SR 99. It mitigates congestion and improves multi-modal access to the Angle Lake Light Rail Station in lieu of widening SR 99. The project is a regional partnership between SeaTac, Sound Transit, Port of Seattle, WSDOT and Des Moines. Access will enable development of adjacent properties.

### Update:

- Paving SeaTac Park's and Alaska Airline's parking lot.
- Constructing grooves in bridge deck.
- Backfilling area south of the tunnel continues.
- Paving base course at S 208th/24th Avenue S. intersection.
- Constructing driveway approaches.
- Erosion and sediment control continues.

## 2017 Overlay Project

The following roadways will be included in the 2017 overlay: 12th Place S. and 13th Avenue S. between S. 200th Street and S. 207th Street and S. 207th Street between 12th Place S. and 14th Avenue S. Highline Water District (HWD) will be replacing all of their water lines and services within the project limits. An ILA is being drawn up between the City and HWD to incorporate the water line replacement work into the 2017 Overlay project plans.

### Update:

- Staff is developing 60% plans.

## S. 168th Stormwater System Improvements

- 60% plans have been distributed for review. Project is anticipated to bid in August.

## ADA (American Disability Act) Transition Plan

- Transpogroup and the City will be working together over the course of the next few weeks to develop a scope of work and is scheduled for council review on June 13.

## Permit Parking Program

- Transpogroup has been selected to develop the Permit Parking Program. A scope of work is in development and is scheduled for council review on May 23.

## Public Works Project Updates Continued

### Military Road and S. 152nd Street

Improvements for this road reconstruction and safety project include construction of buffered bike lanes; curb and gutter; sidewalks; new pavement; installation of street lighting; upgraded and interconnected signalization with pedestrian crossings; construction of a right turn lane on eastbound S. 152nd Street; and the elimination of the skewed intersection at Tukwila International Blvd. and Military Road S. This project is scheduled for construction in the summer of 2018.

- The project was presented to the City Council on May 9 for authorization to enter into a professional services contract with Parametrix, Inc. The agenda bill has been placed on the consent agenda for May 23.

### Lane Closure – Northbound International Boulevard near Angle Lake

On Saturday, May 20, one lane of Northbound International Boulevard at S. 198th Street near Angle Lake Park will be closed for the day due to water district work at the new Residence Inn. Proper traffic control and signage will be utilized for the traveling public.
