City of SeaTac Announces 2018 Minimum Wage Adjustments

The City of SeaTac is announcing the mandatory annual adjustments to the City's Minimum Employment Standards Ordinance for Hospitality and Transportation Industry Employers.

2018 Minimum Wage: \$15.64 per hour

The increase in the living wage rate (1.93%) has been calculated using the consumer price index for urban wage earners and clerical workers, (CPI-W) for the twelve (12) months prior to September 1st as calculated by the United States Department of Labor. Therefore, in accordance with SeaTac Municipal Code (SMC) Section 7.45.050, the living wage rate in effect for hospitality and transportation employees within the City will increase to \$15.64, effective January 1, 2018.

Food Trucks

The question of how the City regulates food trucks has become an item of interest in the past week. A list of responses to Frequently Asked Questions will be appearing on the City's web page early next week.

Protect your "pumpkins" with a pet license.

An animal control officer will bring your pet directly home for free the first time it gets lost wearing a current tag.

Pet licenses fund the care and adoption of our shelter animals.

Licensing also keeps you in compliance with King County code, protecting you from costly fines.

Fire Station 47 Relocated

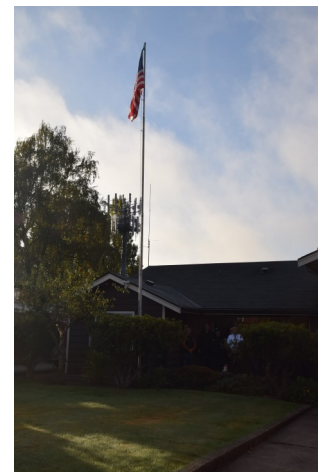

Fire Station 47 Apparatus and Crew Relocates

As of 9:00 AM on October 16, the Fire Station 47 crew and apparatus, which has been located at 3215 S. 152nd Street, has been relocated to Station 46 located at 3521 S. 170th Street, SeaTac.

The City undertook an extensive analysis of the various options for the future of Station 47 and due to its age and its overall condition, it was determined that Station 47 will operate from the Station 46 facility.

The station was built in 1966 by District #2 (Burien) and was originally staffed by volunteers. In 1976 the King County Medic 1 operated from the Station and following the incorporation of the City and the start of municipal fire services in 1991, the station has been staffed by City firefighters.

The site has been secured for future demolition and will be sold at some time in the future.
