# Regional Animal Services of King County - JC4 Rounding

April 18, 2018

# RASKC Line of Business

## **OBJECTIVE**

Regional Animal Services of King County (RASKC) provides King County and contract City partners with sustainable, cost effective services that protect people and animals, while delivering humane shelter care.

## **OUTCOMES**

- Stakeholder (24 cities and city/county resident) satisfaction (5 year contract for 2018-2022, renewable for 2023-2027)
- Compassionate animal care (high live release rate/low euthanasia rate; high levels of adoption, reduced average days in shelter)
- Responsive Field Service (meet JC4 goals)
- Increased engagement with the Community (translations, interpretation services, outreach events, humane education, etc...)

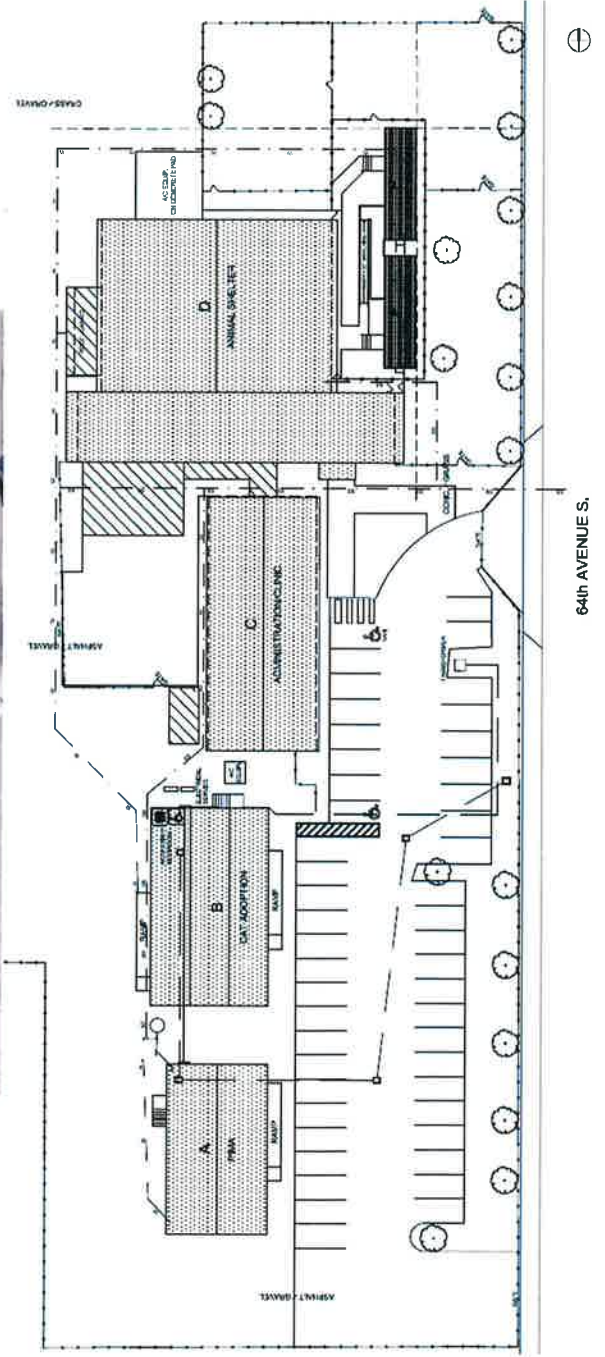

## **PRODUCT FAMILIES**

1. Shelter Services
2. Field Services
3. Licensing Services

# RASKC 2018-2022 Objectives

- Annually attain 90% success in meeting priority 1-5 field response time goals, by 2020.
  - ✓ 2017: 1 - 89%, 2 - 97%, 3 - 82%, 4 - 81%, 5 - 97%.
- Annually maintain aggregate dog and cat euthanasia rate below 10%, throughout ILA period 2018-2022.
  - ✓ CY 2017 - 8.3%, including owner requested euthanasia.
  - ✓ Note that ordinance limit is 15%.
- Annually attain a growth in pet license sales overall exceeding CPI, throughout ILA period 2018-2022.
  - ✓ CY 2017 - Seattle-Tacoma-Bremerton CPI-U annual percent change: +3.5%; Pet licensing sales (\$) +2.8%.

# Pet Licensing Compliance

## Reported Dog Licensing Compliance Rates (2008)

Note: These estimates are subject to considerable error but illustrate the apparent variances between cities. The licensing compliance rates above are calculated using the number of dog licenses reported by the municipality for 2008 divided by the estimated size of the dog population based on the American Veterinary Medical Association (AVMA) equation. Charlotte, N.C., Louisville, Ky., San Antonio, Tex., and DeKalb County, Ga., did not report dog licensing rates.

Note: 2017 RASKC data. Compliance varies greatly by jurisdiction, reporting requirements and by species.

# Pet License Marketing

## This silver medal is as good as gold!

Award your pet a silver medal with a license from RASKC. Pet licensing helps support animal services protecting families and pets in your community.

A license keeps your pet protected, and helps to fund the care and adoption of shelter animals.

Licensing your cat or dog also keeps you in compliance with King County code requirements, protecting your wallet from costly fines.

## RASKC's 2017 Year in Review

Over the last few years Regional Animal Services of King County (RASKC) has gone through several transformations, putting more emphasis than ever before on connecting with the community and improving quality of life for the animals in our care. By the end of 2016, RASKC had officially reached a 90% Asilomar Live Release Rate (LRR), meaning nine out of ten animals that come through the door are adopted to new families or returned to their original owner. By the measure of many in the animal welfare field, this is an important milestone in our journey to help the animals in our shelter's care. While being thrilled to have reached this milestone, we asked: What's next? How can we help even more animals? What other impacts can we have on the community?

That drive by our staff and volunteers to continue improving is what makes RASKC a continually evolving, learning, and experimenting organization. In 2017, we made efforts to increase adoptions, forge new partnerships, and expand our reach in the community. And it paid off! We are excited to share that our Asilomar LRR for cats and dogs in 2017 reached **94%**. In addition, RASKC is proud to share that we will continue to provide animal services to **24 cities** under a new five-year agreement, with an extension clause that could extend the services for an additional five years, providing stability for animal welfare safety net in King County for the next decade.

We want to thank our dedicated team, made up of 44 staff (Field, Shelter, Licensing) and more than 700 volunteers, as well as our many partners in the community, without whom this would not have been possible. We have even more planned for 2018 and we are excited to help as many animals as possible with your support! In the meantime, here are five areas where RASKC has made a difference for pets and people in the community last year.

Five areas of change:

- Enhancing animal services
- Improving the Volunteer Program
- Continued success in pet licensing
- Expanding our adoption partner program
- Reaching the community

## Enhancing Animal Services

**Petco Foundation Grant:** In the first half of 2017, we were thrilled to be awarded \$75,000 from the Petco Foundation! We requested this funding to replace the stainless steel cat kennels in our adoption room with more spacious cat condos. With the remaining funds, we will be working with professional dog trainers in 2018 to create a new behavior modification program for our dogs.

*A comparison of the old stainless steel kennels and the new, more spacious cat condos.*

**Colony rooms:** Our amazing Foster Coordinator, Lori Mason, LVT, created a fun and low-stress space for the cats to enjoy — both indoors and out— in our new "catio" colony room. A huge thanks to the volunteers who participated in a summer garage sale last year, which raised nearly \$3,000 for this project!

*The new and improved "catio" colony room at our Pet Adoption Center in Kent.*

**Dog Meet & Greet Room:** Our old dog behavior assessment room was transformed into a bright and welcoming dog meet & greet room, providing adopters with a great space to spend more time getting to know the dogs.

*The new dog meet & greet room gives adopters a better opportunity to get to know their new best friend!*

**Dog Playgroups:** Recognizing that we could do more to help dogs succeed in our shelter, in May, RASKC started conducting dog playgroups for the first time. In addition to providing more socialization, these playgroups allow the dogs a chance to burn off their extra energy, making them better behaved when it's time to meet new adopters!

Our Animal Care Technicians Adryan Jones and Emily Ruppert are currently leading this program, with more frequent groups planned for 2018. "The best part about the playgroups is being able to get a better read on who the dog actually is," says Emily. "Often we learn that dogs who we thought were dog aggressive actually weren't. Also, since the shelter is a very high stress environment for dogs, this gives the dogs a needed opportunity to relieve some of that stress."

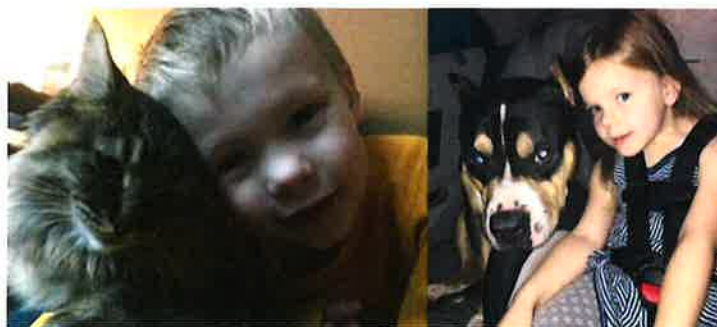

*A couple of RASKC dogs take a break from their playgroup to say hello!*

## Improving the Volunteer Program

**Volunteer Hours:** With the leadership of our Volunteer Program Coordinator, Sarah Luthens, more than 750 volunteers donated a total of 120,523 hours in 2017! These tens of thousands of hours are provided by our super foster families, and our shelter volunteers, sharing their love of animals to help new animals adjust to the shelter, go for dog walks, do tons of laundry and get animals adopted at the shelter and at our many offsite adoption locations.

**Foster Hours:** A HUGE thanks to our Foster Families, and our superstar Foster Coordinator, Lori Mason, LVT, for the countless hours spent supporting and caring for hundreds of foster animals. Our 236 dedicated foster parents who nursed to health, loved and socialized, and transported to veterinary appointments the hundreds of animals fostered provided 99,065 hours caring for our foster pets. This SAVED lives!

*Pictures of foster families' kids with RASKC foster pets*

**Volunteer eNewsletter:** RASKC's first ever volunteer e-newsletter launched in March 2017. These e-newsletters are a great way for volunteers to learn about the latest updates at RASKC. All [eNewsletter archives](#) can now be viewed on our Tails from RASKC blog.

**What's Happening @ RASKC!**

**Recognizing RASKC's Volunteer of the Month**

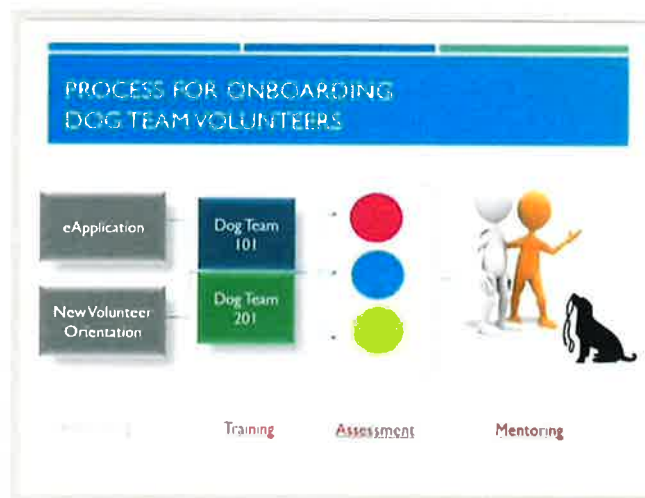

**Meet Marcial!** Marcial has been one of RASKC's most prolific foster volunteers since 2008. For a few years she and volunteer Melissa Edlund sponsored a critter cottage specifically to care for lots of RASKC foster animals. Marcial has led and participated in many special adoption events over the years and almost always seems ready to help out in the most positive ways. Since 2011, Marcial has donated almost 9,000 hours to RASKC. An interview with Marcial can be found on the [RASKC website](#) and [blog](#). Thank you, Marcial!

**RASKC joins the beautiful world of Instagram!**

You are encouraged to share pictures of RASKC animals. Whenever you do so on Instagram, please take these three steps: (a) Tag RASKC @kingcounty.pets, (b) Write a very brief description of the pet that highlights their best qualities, and (c) Add hashtags, like #RASKC, #kingcountypets, a

**Volunteer Dog Team:** This year our dog volunteer program has gone through several major changes, including a new color-coded system that matches volunteer strengths with different dog personalities. As we continue to refine this program, we have created monthly Dog Team Meetings where volunteers can connect with RASKC staff and discuss their thoughts, questions and concerns. These meetings take place the last Thursday of each month.

**Volunteer Website:** The volunteer page of RASKC’s website went through a major transformation this year. The page now includes a [“Volunteer Hub Resource Center”](#) with video trainings that engage both current volunteers and prospective new volunteers.

## Continued Success in Pet Licensing

Pet licensing sales were up again this year, with a record of more than 111,000 licenses sold in 2017. Licensing your pet protects your pet with a quick way home if lost (you can register your pet’s microchip with that license record, in case the collar comes off), and licenses help to fund the lifesaving work that RASKC performs, including providing care for thousands of homeless animals in the community each year.

**Jack is smart.  
Jack has a pet license.**

Jack is told his owner has needed a pet license. Now, he is protected. If Jack gets lost, he gets a free ride home the first time. Jack's license fee helps to pay for the care and adoption of King County's shelter animals. Jack's friends really look up to him.

**Be like Jack.

Please license.**

## Expanding our adoption partner program

**NEKO Cat Café:** RASKC is now partnering with a new cat café named [NEKO](#) in Seattle's Capitol Hill district. This partnership is unique because NEKO has agreed to house exclusively FeLV+ (Feline Leukemia) cats, providing these cats with special exposure to get adopted!

A huge THANK YOU to Maddie's Fund, who awarded RASKC a \$5,000 grant to help support this new partnership!

**Café Cocoa:** One of RASKC's adoption partners, The Whole Cat & Kaboodle (in Kirkland), opened a second location in Redmond this year. Their new [Café Cocoa](#) specializes in adopting out older cats that may be difficult to place, including those with special medical needs. This is a special place for senior cats who want to meet you.

In addition to The Whole Cat and Kaboodle and NEKO, RASKC is proud to continue our partnerships with Seattle Meowtropolitan, Reber Ranch, Petco, and PetSmart. Learn more about all of our adoption partners [here](#).

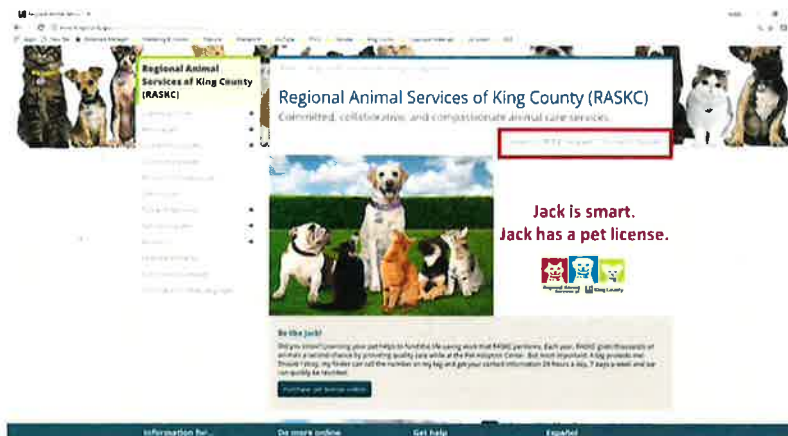

## Reaching the Community

**Adopters Welcome:** At the beginning of 2017, RASKC implemented the “Adopters Welcome” program promoted by the Humane Society of the United States. Based on the idea that we can save more animals by removing barriers to adoption, “Adopters Welcome” is a philosophical commitment to celebrate people’s willingness to adopt pets by meeting them where they are in terms of their attitudes and understanding, and invest in their success by providing guidance and practical support. Since the launch of the program, RASKC has increased adoptions in 2017 by more than 20% compared to 2016.

*New RASKC adopters, part of the 5th annual Statewide Animal Shelter Open House hosted by Pawsitive Alliance and sponsored by Good Neighbor Vet and PetConnections Magazine.*

**Website:** The website’s major service pages – pet licensing, adoption, surrendering a pet, animal control services, lost and found pets – are now all available in King County’s top six languages: English, Spanish, Chinese, Vietnamese, Somali and Russian. The website provides multiple ways for residents to navigate to the multilingual service pages, promoting RASKC’s use of providing language interpretation phone-services to the public when needed.

[www.kingcounty.gov/pets](http://www.kingcounty.gov/pets)

**Phone Interpretation Service:** All our staff are trained to use Voiance, a phone interpretation language support center, which helps us better connect with all residents of the community in a clear, reliable fashion. We want to help every resident get help with their animal issues.

**Social Media:** RASKC not only continues to have the fourth most Facebook followers among all King County agencies, we also joined the beautiful world of Instagram in 2017! With Instagram, staff, volunteers and the public can now be a part of the movement to help our pets be seen and adopted into forever homes.

*We're social! Instagram, Facebook @kingcountypets or Twitter @kcpets*

**Humane Education: Kind Kid Tours:** RASKC provides shelter tours, also known as "Kind Kid Tours" that provides students with the opportunity to come and visit the shelter, including an interactive experience to engage in humane education, with the goal of providing awareness of safety and kindness towards pets. The tour consists of two parts: Mock Simulation Game "Mission to find Spot" and "Cat Talks." At the end of the program, students receive a certificate of recognition for their role as a "Deputy Animal Control Officer of the Day," a choice of paper pet puppets (ranging from cats, dogs, rabbits, and other fun animals) with information about RASKC on the back and links to our website (homepage and licensing page) and blog, and a "Tag your pet!" children's application activity to fill out their information and cut and paste the pet license onto their paper pet.

*RASKC hosting a "Kind Kid Tour" of the shelter*

**School to Work Pipeline:** In 2017, RASKC supported the following schools:

- Big Picture Schools (Bellevue and Burien) – engaged with approximately six students during the course of the year, offering tours and a chance to engage in a Q&A session with a staff leader that matches up with the student's identified career interest.
- Cedar Heights Middle School (Covington) – spent half a day with Officer Karen Davy from Covington Police, assisting in an open discussion about pet owner responsibility with students who were part of the school's summer community program.
- Crest Carriage Elementary (Kent) – provided Kind Kid Tours to about 65 kindergarten students
- Eastlake High School (Sammamish) - students asked to make a documentary, "Pause for Paws," to support RASKC and spread the message of pet safety and pet owner responsibility, interviewed RASKC management.
- Eastlake High School (Sammamish) – RASKC was invited by the school's Key Club to present to about 1,800 students during a volunteer fair the school was hosting
- Kentwood High School (Kent) - a junior at KHS reached out and asked to represent RASKC at a trade show held at school, with an audience of about 2,000
- King County Superior Court Court's Community Program – providing an internship opportunity to a youth in need of work experience in a positive and supportive environment
- Renton Christian School (Renton) – invited 18 students from the school's 1st Lego League, who used RASKC as a subject for their innovator challenge, to visit and tour the RASKC facility including engage in questions with staff
- UW's Human Centered Designing & Engineering program - Four Masters students came to RASKC to interview and learn about the organization, web and social portals

**Supporting People in Crisis:** RASKC provides pet supplies (food, toys and kennels) to regional organizations committed to preventing and ending homelessness to better accommodate owners with their beloved pets in shelters and supportive housing programs. We also provide temporary pet sheltering and support to organizations that assist and protect victims of domestic violence, and to organizations aiding homeless individuals attain medical care or in-patient addiction treatment.

**Collaborative Opportunities:**

- Zulily - From [photoshoots](#) to [LIVE Facebook broadcasts](#), this company has done a great deal to help support RASKC by raising awareness of shelter pets across the nation.
- Seattle Meowtropolitan - our first Cat Café adoption partner has started a new monthly "[Family Day](#)" session that provides children under the age of 8 to come and spend time in the cafe's cat jungle. Instruction and support is provided by RASKC volunteers.

**Support from One King County:** During King County's Annual Giving Drive, RASKC received more requests in 2017 to present at department meetings, and take part in creative, fun new events, (such as the "Kitten Cuddles" hosted by Employee Giving Program and "Kitten Cafe" hosted by Office of Performance, Strategy & Budget!). Thank you King County employees for your enthusiasm and amazing support.

**THANK YOU!**

Entity	Meeting date	Draft Agreement	Costs	Distance	Remarks	
Des Moines				3.6 miles	Des Moines was called on 4/5/18, 4/18/18, & 4/30/18 and e-mailed on 4/3/18 & 4/30/18. Des Moines sent a letter to CM on March 2, 2018 confirming interest. Des Moines responded on 4/30/18 letting SeaTac know of Court involvement. Waiting for Des Moines response.	
King County	4/23/2018	yes	yes	5.6 miles	King County is providing Court Services to 13 other King County Cities and therefore has costs and agreements already established. SeaTac was provided preliminary information concerning costs, agreements, and services.	
Tukwila	3/29/2018			3.0 miles	SeaTac & Tukwila staff met to discuss needs. Called Tukwila Courts on 4/16/18 and City Administrator 4/30/18. Waiting for Tukwila response.	
SeaTac	N/A	N/A	yes		Court Staff reductions occurred in 2017. Current staffing: Court Administrator, Lead Judicial Support Specialist, 2 Judicial Support Specialist, PT Probation Officer, PT Judge. Removal of Red Light cameras reduced caseload. Potential increased caseload with new Police officers for 2019 was reviewed and Court staff can accommodate the increase cases with current 2018 staff levels.	
Police	N/A	N/A	yes		Police will be adding 6 new officers in 2018. One patrol officer added in 2017. Projected increase in tickets issued is 3000+ based upon officer type. Court costs are based upon standard overtime rate (4hrs).	
Legal	N/A	N/A			New police officers add more cases to prosecution workload. Costs include car, laptop, space, etc. at location not yet determined.	
Judge	N/A	N/A	yes		Contract Costs for 2019-2021
