Upcoming Closure of Southbound On-Ramp to I-5 at South 200th Street

Friday, July 26, through Monday morning, July 29, the on-ramp to southbound I-5 at South 200th Street will be closed for construction. A detour will be in place to direct traffic south on Military Road South to I-5 North. Drivers will be asked to exit at South 188th Street and cross under the freeway and enter the onramp to Southbound I-5.

Lifeguards Make Three Saves at Angle Lake So Far

Even though the weather has not always been ideal this summer, Angle Lake has still had lots of visitors, and the City lifeguards have had to make several saves already.

Two weeks ago, Lifeguard Erik Herrera responded to a couple that were out in the lake and had become separated from their floatation device. Erik went out on the paddle board and brought them back to shore.

This past Monday, a teenager was in the deep end of the swim area and started to struggle. Beach Manager Brandi Jewett dove in and brought him to back to the shallow part of the lake.

Last Saturday, Lifeguard Nick Ainsworth heard a cry for help north of the swim area. He looked and saw a teenage girl struggling to tread water. Nick dove in and brought the young girl back to shore safely.

Thank you to all of the City lifeguards! We value you and the important role you play in keeping Angle Lake safe!

Lifeguards On Duty all Summer at Angle Lake

Starting Monday, June 24, Angle Lake Park will have a full team of lifeguards on duty from 12:00 PM to 8:00 PM. Due to a nationwide shortage of lifeguards two summers ago, we were unable to find guards for Angle Lake Park. Last summer, we had them at the park five days a week.

This summer we will have guards every day of the week through September 3 (Labor Day). This will include four guards Monday through Friday and five guards scheduled on Saturdays and Sundays. More guards are available for when the weather is especially hot.

This will significantly increase the safety of swimmers at the park. In addition, there will be a full team of seven lifeguards on duty from 12:00 PM to 8:00 PM for our annual Family 4th of July Celebration.

Mayor Honors SeaTac Army Recruit

Last week, Mayor Erin Sitterley met with Army Recruit Javier Montoya-German and presented him with a letter honoring his commitment to serve our nation. He was accompanied by Staff Sergeants Crabaugh and Seymour.

He is a long-time SeaTac resident and recently graduated from nearby Foster High School. He leaves for basic training in Oklahoma at the beginning of next month. He is pursuing a career as a combat medic. Congratulations to Javier and thanks for your service to the country.

Full Road Closure—2019 Overlay Project

Beginning Thursday, July 25, a full road closure will be in effect on Des Moines Memorial Drive South between South 128th Street and South 136th Street for the 2019 Overlay Project improvements.

Traffic through the road closure area will be restricted to emergency vehicles and local access to residents within the project limits.

The traveling public should expect delays and the City recommends that alternate routes be considered. Appropriate signage, notifications, and traffic control will be used to manage traffic through the detour. Click [here](#) to view the detour map.

All construction timelines are weather-dependent. Residents and businesses will be notified of any changes to the full road closure schedule.

The road will be closed and restricted to local access only on the following days:

Date	Status

Friday, July 26	Road Closed 7:00 AM—7:00 PM
Saturday, July 27	Road Open

FEMA and FCC Conduct Nationwide EAS Test

The Federal Emergency Management Agency (FEMA), in coordination with the Federal Communications Commission (FCC), will conduct a nationwide test of the [Emergency Alert System \(EAS\)](#) on Wednesday, August 7, 2019.

The nationwide test will be sent to radio and television stations beginning at 2:20 PM Eastern Daylight Time, 11:20 AM Pacific Standard Time.

The test is being conducted through FEMA's [Integrated Public Alert and Warning System \(IPAWS\)](#). This year, the test message will originate from designated radio stations, known as Primary Entry Point stations, which participate in a component of IPAWS called the National Public Warning System.

All other radio and television stations, cable, wireline service providers, and direct broadcast satellite service providers should subsequently receive and broadcast the test message.

This year's test will evaluate the readiness of the national alerting capability in the absence of internet connectivity. The test will be approximately one minute long, have a limited impact on the public with only minor interruption of radio and television programs, and will be similar to regular monthly EAS tests. Both the audio message and text crawl should be accessible to people with disabilities.

The test will not include a message on cell phones via Wireless Emergency Alerts.

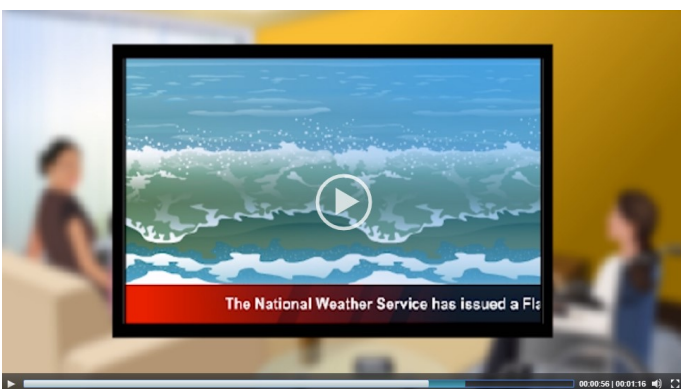

If you have any questions, please contact FEMA's Intergovernmental Affairs Branch at (202) 646-3444 or at FEMA-IGA@fema.dhs.gov.
