The Hotel/Motel Tax Advisory Committee has recommended funding for the Highline SeaTac Botanical Garden that supports the Garden's efforts to work toward sustainability of this community treasure. The request supports a four contract part-time positions – an Executive Director, a Tour Coordinator, a Webmaster, and a Wedding/Social Media Coordinator. These positions will provide greater stability and efficiency, in connecting the Garden to the community and tourists who visit the Garden. These positions promote the Garden which is SeaTac's only tourist destination located within the City.
