Dear Mayor, Councilmembers and Citizens,

It is with mixed emotions that I present to you the 2011 Adopted Budget, detailing revenue estimates and funding recommendations. It documents the decisions made by the City Council in its detailed budget review during the fall of 2010, presenting the City's resources as well as its programs and priorities in allocating those resources. These programs are necessary to protect the community's physical security and enhance the quality of life for all its citizens. An effort was made to maintain the level of City services that support a healthy, secure, safe and livable community, while at the same time protecting the fiscal integrity of the City. Unfortunately, this balance was struck through the elimination of valued services and personnel.

SeaTac's 2011 Budget was developed in the challenging climate of balancing ever increasing costs with slowing or declining revenue sources. Current national and regional conditions underscore the need to closely watch our local economy and make adjustments as necessary to ensure that SeaTac maintains its economic health and continues to provide a supportive environment for both its residents and its businesses.

Our country continues to struggle through one of the worst economic recessions in history. While it's encouraging to see some slight improvement in the economy, high unemployment, housing foreclosures and an extremely tight lending market are providing little relief to our businesses or residents. All indications are that this recovery will take a long time. The trickle-down effect of this struggling economy on government services is very evident. Nearly every day, we read headlines about continued layoffs in government jobs. There is little doubt that cities are facing tough times.

The City took steps to reduce expenditures in both the 2009 and 2010 fiscal years. Because of the continued depressed economy, the City is projecting a significant budget shortfall again in 2011. This budget includes approximately \$360,000 in General Fund non-personnel expenditure reductions from 2010 levels. However, due to our budget situation coupled with the uncertain economic outlook in the near future, the City has been forced to take a most difficult step and reduce the number of employees within the City.

The personnel reduction decisions were not made lightly. Many factors were considered, including the City's ability to sustain expenditures within our available resources, our ability to most effectively provide services to our

customers, our ability to meet the policies and goals set by the City Council, and more. These are hard decisions to make since we value each and every one of our employees and cannot say enough about the contributions they make every day to the public they serve. While it's very painful to lay off quality workers, especially when jobs are so scarce, we're very thankful that we will be able to preserve most positions in this budget due to the efforts made by departments to reduce expenditures over the past two years.

The personnel-related reductions in the 2011 Preliminary Budget are as follows:

- Eliminate Judicial Support Specialist in the Municipal Court
- Eliminate GIS Analyst salary and transfer employee to vacant Systems Analyst position
- Eliminate Administrative Assistant 1 in the Fire Department
- Eliminate Building Inspector in the Public Works Building Division
- Eliminate Permit Technician 2 in the Public Works Building Division
- Eliminate Traffic Officer in the Police Department
- Eliminate vacancy carried in the Police Department
- Eliminate one Recreation Coordinator in the Parks & Recreation Department
- Transfer a Recreation Coordinator to evenings to eliminate some Recreation Attendant hours
- Reduce Recreation Attendant hours by closing the SeaTac Community Center one hour earlier Monday through Thursday
- Eliminate two Recreation Leader 2 positions in the Parks and Recreation Teen Program
- Eliminate one Recreation Leader 1 position from the Parks and Recreation Camps Program
- Reduce Lifeguard hours at Angle Lake Park in the summer
- Eliminate Operations Worker 1 in the Parks & Recreation Department
- Eliminate part-time Custodian in Facilities Department and take contract amount for City Hall janitorial services and transfer employee to provide custodial services at City Hall

In addition to these personnel-related reductions, this budget does not fill the vacant Fire Chief and Fire Inspector positions in the Fire Department, and instead the City will contract with the Kent Regional Fire Authority (RFA) to provide these services, resulting in a savings of approximately \$94,300. This budget also includes the City entering into a contract with the Kent RFA for fire investigation services and eliminating the contract with King County for this work, for an additional savings of about \$19,200.

Finally, the 2011 Budget does not include a cost of living adjustment (COLA) for non-represented employees of the City who have traditionally received the same COLA as union-represented staff by the American Federation of State, County and Municipal Employees (AFSCME). This will provide a savings of approximately \$76,500 to the General Fund next year. Non-represented employees will receive 5 days of furlough leave in lieu of the 2% COLA in 2011.

Despite the significant cuts in staffing and other operating costs, the 2011 Budget strives to minimize impacts to current service levels as well as provide the resources and expenditures for the first year of the 2011-2016 Capital Improvement Program. Projects funded in the CIP are based on evaluation criteria that include maximizing direct benefits to residents and positioning the City for redevelopment opportunities. 2011 capital expenditures include building improvements, transportation and pedestrian improvements, property acquisitions, and various equipment and vehicle replacements.

Five Council Budget Workshops were conducted to consider the 2011 budget. A public hearing on the 2011 Preliminary Budget was held in conjunction with the December 6 workshop. The 2011 Budget was adopted by the City Council on December 14, 2010.

I would like to express my appreciation to the Council for their guidance and input throughout the 2011 Budget process. I also want to thank all City departments for their dedicated effort to develop a workable budget plan for 2011, particularly given the difficult economic conditions all public agencies are currently forced to deal with, while at the same time striving to improve customer service, the efficiency of City operations, and the quality of services provided. I believe the 2011 Budget reflects these philosophies and, along with the strategic direction from the City Council, creates a sound expenditure plan for the year. Together, we have developed a 2011 Budget that provides operating and capital budgets that are in keeping with the City's goal of delivering the highest level of services possible, while making necessary strategic investments for the future.

Sincerely,

Todd Cutts
Interim City Manager
