The project is scheduled to resume on May 3rd and is reported to be on budget and schedule for completion in Quarter 3 2021.</p> <p>34th Avenue South Project: The City was able to acquire all Right-Of-Way (ROW) property needed for the project without condemnation and staff is working towards advertising for construction bidding in May. The project is currently undergoing WSDOT review to certify ROW as a requirement for obligation of FHWA funding granted to the project. Groundbreaking is anticipated for July 2021 and construction complete by year-end 2022.</p>		
5	2021/2022 Project Selection	<p>Discussion and Presentation</p> <p>The purpose of the presentation was to:</p> <ul style="list-style-type: none"> • Review project selection process • Review 4 existing candidate sidewalk projects • Discuss process to identify new candidate projects • Discuss pedestrian lighting • Review evaluation and scoring process • Assign Committee Tasks <p>The Objectives are:</p> <ul style="list-style-type: none"> • Review and become familiar with the project selection process • Provide staff direction regarding Pedestrian Lighting only concept • Perform independent field trips to candidate project locations • Prepare Committee Members to present new project ideas at the June Committee meeting • Facilitate identification of the 2021 sidewalk project candidate by August 2021 for Council consideration in September 2021 <p>Overview of Selection Process:</p> <ul style="list-style-type: none"> • A pool of projects is generated from various sources including: The Transportation Master Plan, staff, residents and Committee members • Projects are screened by Engineering for candidacy 	Will Appleton	

		<ul style="list-style-type: none"> • Projects selected for further consideration are brought back before the Committee to be evaluated and ranked • The Committee identifies its top two candidates projects • Based on funding and resource availability, staff will scope out the top projects and provide the Committee with the results • The Committee will decide on the final project to forward on to Council for consideration <p>Current candidate projects are reviewed and discussed. Identification of new candidate process is :</p> <ul style="list-style-type: none"> • Engage/Listen to residents • Consider online portal for community input • Walk SeaTac and look for areas that would score well with respect to our rating system • Bring ideas and thoughts forward to the Committee for consideration <p>Pedestrian Lighting Only Projects were discussed and considered by the Committee. The City Council and residents have submitted multiple requests for more lighting on City streets. These types of projects would improve pedestrian safety, allow for private area lighting to be removed, can cover large area and is lower in design and construction costs. There was a 3-2 split opinion to focus projects on delivering sidewalks verses street/pedestrian lighting only. It was agreed to continue the discussion into the next meeting with staff bringing some examples of areas where pedestrian lighting only would apply. It was mentioned an applicable candidate for lighting only being 30th Ave S between S 200th St and S 204th St.</p>
