Hello, my name is Charosny Muhamad  
My address is: [REDACTED] SeaTac, WA  
My phone number is: [REDACTED]

I gladly give the Islamic Center of Seattle my support and a resounding YES for you to finally grant them the Easement which they have been patient and considerate about.  
The SeaTac Masjid is a very stable influence in our community. They've been around for over 30 years in the neighborhood welcoming new refugees into their community fold.

They are friendly and have welcomed anyone from the community to join them for many activities, including local politicians to barbecue and encourage people to ask questions and learn more about their faith. It is important to provide a safe and welcoming place for people to feel a sense of belonging which is what the SeaTac mosque does, but the building is too small for what they want to achieve and the people they want to help and reach.

YES I gladly support the SeaTac Masjid to get this Easement!

Sincerely,

Charosny Muhamad

[NOTICE: This message originated outside of City of SeaTac -- DO NOT CLICK on links or open attachments unless you are sure the content is safe.]

Greetings,

I wanted to write in to express my support for the proposed land swap to benefit the Islamic Center of Seattle at SeaTac. I have been going to this mosque for over twenty years and have watched the community grow and multiply past the current size both for the building itself, as well as the land used for parking. This building has had a positive effect on our community by giving space to religious minority groups, immigrants, refugees, and any other person looking for a welcoming mosque. Please support this great institution by approving the proposed land swap. Thank you for your time.

Best regards,

Farand Vincent

I live within walking distance of the Islamic center of SeaTac, and I am one of the regular congregants that prays the daily five (5) prayers at this center. People at this center are very friendly and they welcome people from all walks of life to their center. They encourage people to ask questions and learn more about their faith. They also provide educational, counseling and conflict resolution services in times of dispute between groups, families, couples, and individuals in and around the city of SeaTac. They have a positive influence in our community. They support local restaurants and businesses. I hope you will give this land swap a serious consideration.

Sincerely,

My address is: [REDACTED] Tacoma, WA 98422 My phone number is: [REDACTED]

I gladly give the SeaTac Mosque my support and a resounding YES for you to finally grant them the Easement which they have been patient and considerate about.

The Islamic Centers of the Puget Sound area are a key factor in producing well-rounded members of the community. As a young man I was able to turn away from drug use and criminal activity with the help of the Islamic congregations who open their doors for all residents of the local area. They hold a strong direct influence over long term residences as well as incoming migrant and refugee communities. I can not begin to state the importance of the Mosques connection with the youth in preventing gang and drug activities. As well as a strong support system for those who struggle with their mental health.

The SeaTac Mosque is a very stable influence in our community. They support local businesses, and are eager to reach out a helping hand to all of the neighbors who live near the Mosque.

Dear Seatac Council,

Hope all is well, my name is Abdikarem Ahmed and my phone number is [REDACTED]

I am writing to you, urging you to grant the Seatac Mosque (Masjid As-Salaam) their request for an easement. This easement will allow for much needed renovation to the Mosque in order to host the ever growing muslim population of the city of Seatac. The Seatac Mosque has been a very positive influence in the city of Seatac for many decades and has played a vital role in supporting local businesses and bringing together local politicians and people from all walks of life to take part in community building activities that take place at the Seatac Mosque.

I am very happy to support the Seatac Mosque and their efforts to continue to be a positive light and influence in the community by obtaining this easement. I hope that the Seatac Counsel ultimately sees the value of the Seatac Mosque and allows for this process to be completed.

Please feel free to reach out to me if you have any questions or concerns.

Thank you.

Hello my name is Yousoff Muhammad

Residence: [REDACTED]  
Seatac, WA 98188  
[REDACTED]

I have lived in Seatac area for 25+ years. And I attend the Seatac Masjid regularly. This masjid is a staple in this community for many years. Many community events and activities for families.

We have tried many times to make the community better. One way is to improve our facilities for our surrounding neighborhood. We have purchased the adjacent property so we can achieve our goals by city standards. But there is always bumps in the road. The pros out way the cons, when it comes to helping our neighborhood. We don't want to make it worse, but better.

Met with the city many times. And also followed instructions to meet city codes. But even this is not working, what else is there to do? Many families in the neighborhood use the masjid and rely on it.

Me and my family recognize that the Islamic Center of Seattle (Seatac) is in dire need of a new building and parking lot to accommodate everyone and community. The project must start soon as possible.

Thank you for your time

Hello,

I am writing to you today to give my support to the SeaTac Mosque and a YES to you granting them the Easement which they have been asking for.

The Seatac Mosque has been a huge impact and influence on myself and other community members. It is a place for individuals to gather and share a space of spiritual healing while also connecting with others in the neighborhood.

The SeaTac Mosque is open to everyone regardless of their background or belief system. It is a second home for many to release the stresses of every day life.

The SeaTac Mosque has contributed to local businesses and individuals in need from our community. This is a very important value of theirs and I have seen first hand what that support looks like.

With that being said, YES I gladly support the SeaTac Mosque to get this Easement!

With Gratitude,

Salma Malin

Hello, my name is Abdifatah mohamud

My address is: [REDACTED] seatac wa 98188

My phone number is: [REDACTED]

I gladly give the SeaTac Mosque my support and a resounding YES for you to finally grant them the Easement which they have been patient and considerate about.

The SeaTac Mosque is a very stable influence in our community. They support local businesses, and are eager to reach out a helping hand to all of the neighbors who live near the Mosque.

They are friendly and have welcomed anyone from the community to join them for many activities, including local politicians to barbecue and encourage people to ask questions and learn more about their faith.

YES I gladly support the SeaTac Mosque to get this Easement!

Sincerely Jackie B....

Hello,

My name is Mohamed Ali and am a longtime resident of the Tukwila/SeaTac neighborhood. I want to support the Islamic Center of SeaTac for its request for an easement.

I believe that if the SeaTac City Council approves this land swap, it will eliminate most if not all of the issues around the Center such as parkings.

Please contact me if you have any questions.

[NOTICE: This message originated outside of City of SeaTac -- DO NOT CLICK on links or open attachments unless you are sure the content is safe.]

### **Proposed land swap between City of SeaTac (Riverton Heights Neighborhood Park) and the Islamic Center of Seattle**

Council Members and Staff,

The Parks & Rec Committee approved a proposed land swap between the City and the Islamic Center of Seattle at their 9/1/2022 meeting to be placed on the consent agenda for what I understood would be the Regular Council Meeting on 9/13/2022. However, this topic does not appear on that consent agenda, so perhaps I am mistaken about the appropriate RCM date. Regardless of when the Council will vote, this proposal needs to be discussed further and issues vetted. Some questions that should be answered are associated with the following topics:

#### **Present and future value of the two properties**

- Should this proposal go through our Planning and Economic Development group before our Council votes on the proposal? (They are the 'experts' and perhaps they should be exploring the details and effects of this proposition.)
- Have we had a professional appraiser evaluate the present and probable future values of each property?
  - The existing tax appraised value of the land at:
    - 3040 S. 150<sup>th</sup> St. is \$10.17/ft<sup>2</sup>.
    - 3046 S. 150<sup>th</sup> St is \$19.22/ft.<sup>2</sup>. (not directly involved in the proposed swap, but sandwiched between the properties)
    - 3050 S. 150<sup>th</sup> St. is \$7.73/ft.<sup>2</sup>

This suggests that a professional appraiser may be necessary to establish the realistic values of the properties involved.

- The proposal results in a jagged property line on the south side of Riverton Park. When a property does not have traditional straight-line boundaries, does it tend to make that property less desirable and worth less money in the future? If so, the City should be compensated for this future loss.
- Does the trade make the existing two separated Islamic Properties worth more money in the future after they are contiguous? If so, should the City be compensated for the increased value to the other party?

#### **Provides overflow parking for special events at Riverton Heights Neighborhood Park**

- Will we have a binding written agreement specifying the times and frequency of the availability of this parking area for park visitors as well as detailing conflict resolution procedures should one party have a grievance about this issue?
- Will this parking agreement be binding on any future owners of the properties?
- Will there be pedestrian/handicap access to the park from the proposed 'overflow parking lot'?
  - If so, will this be 24/7 access and who will have the authority and responsibility to open/close and maintain the gate(s)?
- Would park access be grandfathered into the property regardless of ownership?
- What about overflow parking when there is no 'Special Event' at the park, but park visitors still park there. Who will be responsible for patrolling this lot and initiating tows for unauthorized vehicles?
- What constitutes a 'special event'? Is this limited to City-sponsored events or will private parties be able to declare 'special events' and receive parking privileges?
- What if a special event is planned and both parties have agreed that parking will be available for the event in the overflow lot, but at the last minute the Islamic Center requires that parking space for something happening at their facility?

### **Islamic Center's Plans**

- The plans submitted to the City are 'back of the napkin' quality prepared by an unqualified architect (the preparer's own revelation at the last Parks & Rec Meeting). Should the City require architectural plans be prepared by an appropriately credentialed architect and that these plans be approved by the City prior to our vote on the swap?
- Should the land swap finality be contingent upon a date certain for building permits to be obtained **and** a date certain for the construction to be completed?
- Will there be separation between the park and the proposed 'covered walkway'? If so, who will be responsible for the installation and maintenance of the 'barrier'?
- Will there be access from the proposed walkway to the park? If so, who will be responsible for the operation and maintenance of this access point?
- If this proposal is approved and later the Islamic Center decides to sell the newly configured properties, should the Islamic Center be allowed to profit financially for the increased value of the reconfigured properties or should the City receive all or a portion of the appreciated value of the property?

### **Effect of land swap on the property owner at 3046 S. 150<sup>th</sup>**

- There is property and a house between the two existing Islamic properties. Has this owner been informed of the land swap proposal and allowed to have input?
  - Does the proposed swap affect the property value as well as the future rental value of the 3046 property because it is no longer being contiguous with a public park? If so, should this property owner be compensated for his loss?
    - The per square foot land value for 3046 is currently significantly more than the per square foot value for the Islamic properties. The loss of 'public park contingency' for this property may be significant.

As we peel away the layers of this proposal other unvetted issues and potential scenarios will need to be addressed and answered. I appreciate both the Council Members and Staff doing their due diligence before we vote on this proposal.  
Vicki Lockwood

Dear SeaTac City Council,

My name is Jamaligiah and I am a nurse, a mother, a mentor, and community advocate for young Muslims in south Seattle. I gladly give my support to grant SeaTac Mosque an Easement they have patiently been waiting for in order to build their new Islamic Center. This mosque has been the starting ground and origin for so many new immigrant and refugee community members including Cham and Somali people. They've been welcoming and supportive when we had no place of our own to gather at. Being ethnically Cham myself, this is a place dear to my heart. I have fond childhood memories there and now that I have my own children, I continue to return to support and attend their activities and classes, with my family in tow.

In January of 2022, SeaTac Mosque was the first place to step up and support a group of young Muslim girls trying to fundraise for a girl's club they started. These girls recognized and identified that there was a lack of organized activities for young Muslim girls in Western Washington and something needed to be done. So together, they formed a club called Support For Tomorrow (S.F.T.) where they came together to brainstorm, plan, and execute their ideas by selling baked goods they made themselves along with delicious drinks to attendees of the mosque. With the money raised, they used it to organize tea parties and picnics to bring sisterhood to south Seattle and meet new people who were also searching for a group that understands them. In less than a year, their small group that started with only 5 members grew to over 60 and include girls of all ages including mothers. With the support of SeaTac Mosque, they were able to expand their efforts and collaborated with other organizations to unite other Muslim youths together.

To return the favor bestowed upon them, Support For Tomorrow members volunteered to help put together an amazing and successful Night Market at SeaTac Mosque this summer. It received so much support that people are begging to have more events. I can only see great things happening in the future for this center and can't wait to see what other wonderful activities they can bring to the community once their new center is built. I am here to support them whenever they need it. Please feel free to contact me through this email if you have any questions or concerns.

Warmest regards,  
Jamaligiah

Hi,

I've been informed about the land swap the SeaTac Mosque is hoping to get approved of. Please support this proposal as their community is growing substantially. They would like to expand their parking area and space to accommodate everyone better, which includes surrounding neighbors and mosque-goers. Anything that benefits them will definitely, in return, benefit the neighborhood. I hope you consider the land swap and see a flourishing community who's mission is to selflessly raise and uplift themselves and others.

Thank you for taking the time to hear me out!

I would like to express my support for SeaTac Mosque easement, it's in a convenient location for many Muslim in the area and I personally love to attend the masque. They are always considerate of the neighborhood such as in Ramadan we'll pray late night prayer, and they always gives announcements to turn off our headlight til we get on the street so we don't bother the neighbors.

They are doing great things for our community with many activities and events, they are always welcoming and kind to all of us and people that are interested in our faith.

Dear SeaTac Council,

My name is Mohammad, I live at 17341 32nd Ave S SeaTac Wa 98188. I wanted to write this email to kindly ask the council to grant the SeaTac mosque their request for a land swap. Unfortunately there are issues with congestion. However, I think that if done it would help relieve the congestion around the mosque by allowing easier traffic flow and more parking.

Thank you very much, have a great day.

[NOTICE: This message originated outside of City of SeaTac -- **DO NOT CLICK** on links or open attachments unless you are sure the content is safe.]

Sep 26th, 2022.

Hello, my name is Aasiyah Sulayman. I'm reaching out in hopes of expressing my huge support regarding the SeaTac Mosque's Easement process.

I have become very familiar with their Mosque and it has shown me what great influence they've had throughout the years on this ever-growing community. They support local businesses, and are always eager to help anyone in need. They've helped me strengthen my relationship with my faith and established a strong Islamic foundation within all community members ranging from the youth to our respected elders. Being part of this lovely community, I've witnessed their potential and truly want the best for them always. They've offered so much to us and I can't imagine what more they can give back to the community with this Easement process. They have portrayed, through actions and words, what a true Muslim is like. They are incredibly friendly and are continuously welcoming new members with open arms.

I'd like to end off with a note that I truly believe they are a community who is very deserving of this Easement and I gladly support their request for one. I strongly hope the City Counsel will allow this to be completed.

Please don't hesitate to reach out if there are any further questions. This is my email and my phone number is (206) 235-1112.

Best regards,  
Aasiyah

DEAR SEATAC CITY COUNCIL Members,

My name is Ahmed Farah, and I would like to ask the councilors to Please Allow Seatac Mosque for the easement of its land. We are growing as a community and the limited space in the mosque needs immediate expansion. As you are our elected leadership of the community, I hope you'll consider our hobble request for approval.

Thank you,

Hello,

My name is Aruwi Muhammad,

I would like to give the SeaTac Mosque my support and a resounding YES for you to finally grant them the Easement, which they have been patient and considerate about.

The SeaTac Mosque is a very stable influence in our community. They support local businesses, and are eager to extend a helping hand to all of the neighbors who live near the Mosque.

They are very friendly and have welcomed anyone from the community to join them for many activities, including local politicians to barbecue. They encourage people to ask questions and learn more about their faith.

YES, I gladly support the SeaTac Mosque to get this Easement.

Kind regards,

Aruwi

Hello, my name is James Smothers and I am writing to voice my support for the Islamic Center of Seattle at SeaTac Easement proposal.

For years the mosque has served as not only a place of worship, but also as a center of mentorship, youth outreach, charity and education. I have witnessed its positive impact upon at-risk youth, impoverished families, and the greater SeaTac/Tukwila neighborhoods that are served by the mosque.

While there have been congestion/parking related issues in the past, the mosque has gone to great lengths to alleviate these problems by employing the help of security and parking attendants. It is my sincere belief that the granting of this easement will further help with traffic flow and parking.

Thank you again for taking my input into consideration, and feel free to reach me with any questions or concerns.

Sincerely,

James F Smothers IV

Hi, my name is Mohamed Samael. I have been a long term member of the community for the majority of my 30 years of life here in seattle.

I'd like to give my support and confirmation to grant this Easement to this community.

This Mosque has been a very important place for the foundation of the Muslim community in Seattle and has been serving us for as long as I can remember.

They are unique in ways many other communities lack, with a diverse range of board members and leaders with a long term history being in seattle they are leading the efforts to connecting with all people in the greater seattle region.

With the community growing, this Easement is very crucial to the community and their growth.

I am in support to allow this Easement to progress.

Thank you

Dear Council Members,

My family lives directly across from the Riverton Heights Park on 150th Street here in town and we've grown very familiar these past seven years with the local community that attends the neighborhood Mosque.

We have been so thankful for their presence and positive influence - contributing to the safety and cleanliness of our streets. They have shown an incredible amount of respect and openness to my family and always demonstrate a helping hand for our neighborhood events.

I am writing to voice my full support for their development plans and easement request to the city. The Mosque is very well maintained but logistically it would greatly benefit from this logical land decision, as would the entire neighborhood.

We sincerely hope that you find it within your hearts to grant the easement and thank you for taking it under consideration.

Dear SeaTac City Council,

As a city of SeaTac constituent, I gladly give the SeaTac Mosque my support and a resounding YES and request for you to grant them the Easement which they have been calling for.

The SeaTac Mosque is a very stable influence in our community. They plan events and are a social + religious space for both youth and the elderly, two groups that are sorely underserved in SeaTac. On top of being Youth and Elderly focused, they support local BIPOC businesses, and are eager to reach out a helping hand to all of the neighbors who live near the Mosque.

They are friendly and have welcomed anyone from the surrounding area to join them for many activities. They have invited local politicians to barbecues and have been open and encouraging when people ask questions and learn more about Islam.

Considering the recent spike in violence towards Muslims this recent 9/11 and the murder of Mohamed Kediye right by the Amazon spheres, having a mosque like the SeaTac mosque still be positive and receptive of people's curiosity and responding to potential danger and rudeness with grace is amazing to me. This is yet another reason why I believe you all should do as the community wants and support the SeaTac mosque to get this Easement!

Best,

Hafishah Math

Hello,

My name is Norlaila Toulas and I am writing to give my support to the easement of the SeaTac mosque.

I was born and raised in the Seattle area, and the SeaTac mosque was the first mosque established in our community. The SeaTac mosque has been the same since the late 1980s and it would be great if the mosque was granted this easement so that they could expand their land and create a new, updated space for the community. It's been a long time coming and it would help not only the Muslim community, but the communities around the SeaTac and Tukwila area.

We hope that you will consider this request and help hasten the process. Thank you.

Sincerely,
