### Variance Submittal Checklist

VAR #: 22-0008	Project Name: 146th ST CAGE SHOP PLAT
----------------	--

#### DEFINITION AND PURPOSE

A variance is a request for an exception to the development standards of the code because of special circumstances (i.e., size, shape, topography of lot) when the strict application of the code deprives such property of privileges enjoyed by other similar properties. A variance may be granted when a hardship is proven. A variance cannot be used for relief from types of uses permitted within zone classifications.

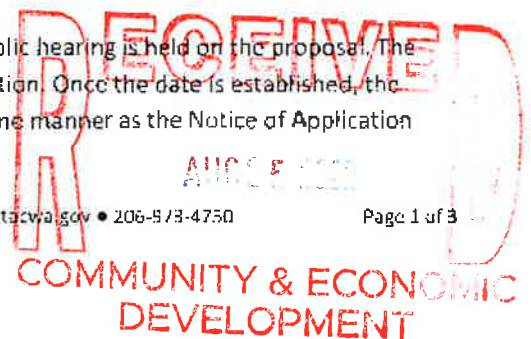

#### AUTHORITY AND APPLICATION

- Variance.** The applicant must show that the proposed development issue requiring a variance meets all of the criteria for approval in SMC 15.115.010(B). The requested variance is decided by the City's Hearing Examiner through a public hearing process.
- Administrative Variance.** In cases where the requested change involves less than twenty percent (20%) variance to a development standard, the Planning Manager as the CED Director's designee may administratively grant the variance provided the criteria in SMC 15.115.010(C) are met in addition to the variance criteria in SMC 15.115.010(B).
