

City Manager's Weekly Update

April 1, 2011

Dear Mayor, Councilmembers, Residents, and Employees:

Civil Service Commission: The City of SeaTac has an immediate vacancy for a Civil Service Commissioner. The SeaTac Civil Service Commission ensures that hiring and promotions are fair and competitive and that all personnel rules are fairly administered for City Fire Fighters. The SeaTac Civil Service Commission is composed of three commissioners who are appointed by the City Manager. Commissioners serve a four year term. The Civil Service Commission meets on the second Monday of each month at 3:30 PM at SeaTac City Hall. If you are interested in serving on the Civil Service Commission, please contact the City Clerk's Office at 973.4660.

Part 150 Noise Study Open House: The fourth in a series of public events for Sea-Tac Airport's Part 150 Noise Study will be April 9 at **Sea-Tac Airport's Arrivals Hall**. The Part 150 Study is looking at ways to reduce aircraft noise impacts on communities around Sea-Tac Airport. The Port of Seattle invites you to drop by anytime between 10:00 AM and 4:00 PM.

At the open house, there will be a number of stations staffed by Port staff and consultants where the public can learn more about the study's findings and potential recommendations. Participants can also sign up for airfield bus tours throughout the day.

The Arrivals Hall is at the south end of the main terminal, baggage claim level. Parking will be validated. See attached flyer for more information.

Community Meeting for Proposed Mountain Bike Races in North SeaTac Park: A community meeting is being held to discuss the proposed mountain bike races in North SeaTac Park in an area south of S. 136th Street. The proposed races would take place on Wednesday evenings from 5:00-8:00 PM from May to September. Anyone interested or having concerns please attend the community meeting to share your opinion.

Wednesday, April 6 • 5:30 PM
SeaTac Community Center, 13735 24th Ave. S., SeaTac

Comments Requested on Stormwater Management Program: City staff have recently published an update of the City's Stormwater Management Program (SWMP) and are looking for public input on this developing program. The SWMP and an annual report, which are required under the National Pollutant Discharge Elimination System (NPDES) permit, describe the City's comprehensive approach to stormwater and water quality issues.

Like large industrial sites and development projects, the City of SeaTac is subject to federal regulation under the Clean Water Act. In the case of cities with populations of less than 100,000, we are specifically subject to the Western Washington Municipal Stormwater (NPDES) Phase II Permit which regulates stormwater with the intent of improving water quality by reducing pollution carried by stormwater. The permit requires cities to develop or modify their stormwater management programs to meet the conditions of the permit. These programs include public involvement and education, illicit discharge investigation, development review, and inspection and maintenance of stormwater facilities. While the NPDES Permit went into effect in February of 2007, its requirements are phased through 2012.

The latest update to the SWMP and Annual Report are now available on the City's Surface Water Management website at <http://www.ci.seatac.wa.us/services/stormwater.htm>, or at the City Hall Permit Counter. This update highlights program accomplishments from 2010 and describes ongoing programs. These 2010 accomplishments include completion of public stormwater system mapping, implementing new codes, policies and procedures for construction site run-off and stormwater maintenance programs, and the creation of a new water quality program – the Illicit Discharge Detection and Elimination Program.

Please direct comments on the SWMP or Annual Report to Don Robinett at 973.4722 or drobinett@ci.seatac.wa.us no later than November 30. Comments will be considered to shape the next SWMP and Annual Report due out in March of 2012.

Wii are the Champions: The SeaTac Senior Program's Wii Team took first place in the south sound Wii Tournament on Wednesday, March 30 at the Tukwila Community Center. The SeaTac Wii players are Ruth Armstrong, Fay and Will Dyrness, Fred Geraldson, Frances Hellums, Delores Parks, Mila Pastor and Zona Vessey. The four players participating in the tournament were Will, Fred, Mila, and Zona. Each player played three games and SeaTac had four perfect games to help win the tournament. Wii would like to congratulate all the winners.

Tournaments in SeaTac Parks: The last couple of weekends Valley Ridge and North SeaTac Parks hosted girls fast pitch softball and little league tournaments. Most of the participants in these events were from surrounding communities, the furthest coming from Olympia and Mount Vernon. The average attendance at these events was about 600 which include fifteen players per team, with each team having the support of approximately 25 spectators.

Later this summer our resident little league, SHALL (South Highline American Little League), will host the state softball tournament at Valley Ridge Park. Tournament action will begin on Saturday, July 16 and will wrap up the following Saturday, July 23. This will be the third consecutive year that SHALL has hosted a state level event which brings people into SeaTac from all across the state.
