

## **City of SeaTac Enterprise Resources Planning Software Addendums**

This list is to track any addendums that have been made to the City's Request for Proposal or any associated documentation.

### **Addendum #1:**

Request for Proposals - Enterprise Resource Planning Software / Section 1.6 Scope of Work

- Citizen Services has been removed as a requested module within the ERP.

### **Addendum #2:**

Attachment #1 – ERP System Requirements / Human Resources Tab

- A gap between system requirements was identified and removed. This gap existed between rows 300-440 of the spreadsheet. The Feature Number column was also updated to provide consistency between requirements on this tab.
