

City Manager's Weekly Update

October 21, 2011

Dear Mayor, Councilmembers, Residents, and Employees:

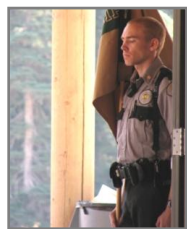

Photography Exhibit

October 24 - 28 marks the final week of the Photography Exhibit at SeaTac City Hall. If you haven't had a chance to do so yet, please visit City Hall to view beautiful photography by regional photographers. Eighty-six pieces are on display in the first and third floor lobbies. Four pieces were chosen to be purchased by the City and are located on easels on the third floor. Items in the City's collection are hung throughout City facilities for many people to enjoy.

Support our troops

The Senior Program is collecting items to send overseas to the troops. Items that are collected will be brought to Operation Support Our Troops Northwest. The drive will run through November 8. Items that are needed include cocoa and cider packets, 6 inch candy canes, packaged cookies, microwave popcorn, gum, breath mints, peanuts and lip balm. These items will be placed into stockings and mailed to the troops. For further information, call 973.4690.

SeaTac Police Explorers program: Whether you are interested in Law Enforcement as a future career or just interested in growing in your personal life and committed to your community, The SeaTac Police Explorers is a great program for youth ages 14-20. Please contact Community Service Officer Burnett at 973.4917 if you have any questions about the program or to obtain an application.

Residential Ventilation Training

On October 7, 14, and 17, SeaTac firefighters practiced their Residential Ventilation techniques. Ventilation is a technique used by firefighters to remove smoke and heat from a structure. When performed properly, ventilation greatly assists search and rescue operations while allowing the engine companies to advance their hose lines to perform extinguishment duties. At a structure fire, firefighters may need to cut holes in the roof to draw heat, smoke, and fire up and out of the building. This technique increases survival time for victims by channeling heat and smoke away from them. The training was conducted at the Kent Fire Training Center on their residential roof prop.

Police News

The Crimes Against Children Unit of FBI Headquarters has been in discussions with the Department of Health and Human Services (DHHS) regarding adopting a cooperative approach in working with victim service providers, particularly residential programs. Together, they have identified four programs around the U.S. that will serve as pilot projects where DHHS will fund existing programs in order to provide more services for victims of Domestic Minor Sex Trafficking. The four programs are in Miami, Toledo, Everett and Seattle (Youthcare).

On October 19, the Crimes Against Children Unit and DHHS will host an initial coordination meeting in Washington D.C. including the corresponding FBI Victim Specialists and Innocence Lost Task Force (ILTF) Coordinating Agent and the service providers.

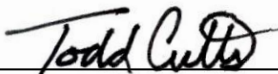

Detective Brian Taylor from the SeaTac Police Department has been selected to attend this meeting, to represent the law enforcement perspective of the Seattle ILTF in the coordination discussions involving all parties. This meeting is being held in Washington, DC and the FBI is paying for his transportation and lodging while he is participating in this event. The SeaTac Police Department has been involved with the regional task force the last couple of years focusing on juvenile victimization.
