## 2013-2014 Neighborhood Pedestrian Improvements Project Selection Worksheet

**Project Location:**     **Option A - S. 135th Street**

**Additional Info:**     This project is within close proximity to the City of SeaTac Community Center and Tukwila School District's Cascade View Elementary School. There may be a need to acquire additional Right of Way for this project.

**Date:**                     27-Nov-12

Quantitative Measures for Proximity	2 pts	1 pt	0 pt
	1/4 mile	1/2 mile	> 1/2 mile
<b>Schools</b>			
How close is the proposed project to an existing school?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Transit</b>			
How close is the proposed project to an existing transit stop?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Neighborhood Destinations</b>			
How close is the proposed project to a neighborhood destination (e.g. post office, community center, grocery store, etc)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Connectivity</b>	Completes	Extends	No
Does the project complete a gap in, or extend, the city's pedestrian network?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>Safe Route to School Plans</b>	Entirely	Partially	No
Is the project located on a School Walking Route?	<input type="checkbox"/>	<input type="checkbox"/>	<input checked="" type="checkbox"/>
<b>Quantitative Total</b>	7		

Balancing Factors	
Is there a strong, compelling community demand for this project?	There is a general community priority around community centers and schools.
Is there a complementary project that is occurring adjacent to the proposed project that presents a unique opportunity?	No.
Are there grant funds available that can be leveraged for this project?	Not at this time.
Are there immediate safety concerns that accelerate project implementation?	No records of any traffic accidents involving pedestrians on this alignment within the last 3 years.

## CPPW Project Selection Worksheet

### 2013-2014 Neighborhood Pedestrian Improvements Project

**Project Location:**     **Option B - 37th Ave S**

**Additional Info:**     The west frontage of the McMicken Heights Elementary School site is on 37th Ave S.

**Date:**                     27-Nov-12

Quantitative Measures for Proximity	2 pts	1 pt	0 pt
	1/4 mile	1/2 mile	> 1/2 mile
<b>Schools</b>			
How close is the proposed project to an existing school?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Transit</b>			
How close is the proposed project to an existing transit stop?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>Neighborhood Destinations</b>			
How close is the proposed project to a neighborhood destination (e.g. post office, community center, grocery store, etc)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Connectivity</b>	Completes	Extends	No
Does the project complete a gap in, or extend, the city's pedestrian network?	<input type="checkbox"/>	<input checked="" type="checkbox"/>	<input type="checkbox"/>
<b>Safe Route to School Plans</b>	Entirely	Partially	No
Is the project located on a School Walking Route?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Quantitative Total</b>	8		

Balancing Factors	
Is there a strong, compelling community demand for this project?	Highline School District is very supportive of sidewalks on school walking routes.
Is there a complementary project that is occurring adjacent to the proposed project that presents a unique opportunity?	Construction of the Military Road South improvements, from S. 166th Street to S. 176th Street will be ongoing in 2014. Constructing this sidewalk project in 2014 could lead to additional neighborhood impacts.
Are there grant funds available that can be leveraged for this project?	Not at this time.
Are there immediate safety concerns that accelerate project implementation?	No records of any traffic accidents involving pedestrians on this alignment within the last 3 years.

## CPPW Project Selection Worksheet

### 2013-2014 Neighborhood Pedestrian Improvements Project

**Project Location:**     **Option C - S. 179th Street**

**Additional Info:**     This project would complete a sidewalk gap between recently completed sidewalks on 42nd Ave. S. and Military Rd. S.

**Date:**                     27-Nov-12

Quantitative Measures for Proximity	2 pts	1 pt	0 pt
	1/4 mile	1/2 mile	> 1/2 mile
<b>Schools</b>			
How close is the proposed project to an existing school?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Transit</b>			
How close is the proposed project to an existing transit stop?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Neighborhood Destinations</b>			
How close is the proposed project to a neighborhood destination (e.g. post office, community center, grocery store, etc)?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Connectivity</b>	Completes	Extends	No
Does the project complete a gap in, or extend, the city's pedestrian network?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Safe Route to School Plans</b>	Entirely	Partially	No
Is the project located on a School Walking Route?	<input checked="" type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
<b>Quantitative Total</b>	10		

Balancing Factors	
Is there a strong, compelling community demand for this project?	Highline School District is very supportive of sidewalks on school walking routes. Project is within close proximity to Bow Lake Elementary School and Valley View Library.
Is there a complementary project that is occurring adjacent to the proposed project that presents a unique opportunity?	Highline Water District would like to replace approximately 1600 LF of water main along S. 179th Street. Replacing water main in conjunction with sidewalk project will present an opportunity to save on restoration costs.
Are there grant funds available that can be leveraged for this project?	Not at this time.
Are there immediate safety concerns that accelerate project implementation?	No records of any traffic accidents involving pedestrians on this alignment within the last 3 years.
