Customer Comments:

I've always known the important service our firefighters provide to our communities. I've seen firefighters in action with other of my family members & neighbors. This time it was I who needed you. I'd like to thank you guys for coming to my rescue. Though I was a grumpy Gummy I knew I was in good hands when you guys got to our house. I really appreciate you guys & the job you perform for our community.

MISSION STATEMENT

"Dedicated to the community for the preservation and protection of life and property through education, prevention and emergency services."
