## ABOUT

The Parent Forum will offer tools and resources that will help you understand the school system, get information on academic requirements and build stronger relationships with schools.

## WORKSHOPS

- Hands-on exploration of STEM (science, technology, engineering and math)
- Understanding the school system (sessions offered in Spanish, Somali, Vietnamese and English)
- How bullying and school discipline impacts your child
- Importance of early learning and the elementary school years
- Supporting your child through the transition to middle school
- Getting your high school student ready for college
- Enrolling your child in honors and advanced learning programs
- Advocating for children with special needs
- Building bridges and strengthening relationships between parents and schools
