

# Information Notice

## **No garbage service in SeaTac today, Wednesday, April 17, 2013**

Due to an unresolved labor issue in another part of the country, some local union Republic Services (Allied Waste) employees exercised their right not to cross an extended picket line. Republic Services will not collect garbage, recycling, or yard waste today, Wednesday, April 17, but will collect up to double the amount on the customer's next regularly scheduled collection day. City staff is working with Republic Services to minimize the disruption to SeaTac customers. Questions should be directed to Republic Services at 206.682.9735. Updated information should be available via the Republic Services website:
