

## Comments Requested on Draft Surface Water Comprehensive Plan

The City has embarked on an effort to develop a new Surface Water Comprehensive Plan, which will provide a needed update and strategic guidance for the Surface Water Utility and its programs. The plan will primarily evaluate existing programs and identify programs and services to meet community needs and regulations. The plan will also include a section where stormwater issues will be identified, evaluated and ranked to develop a Stormwater Capital Improvement list.

The [Draft Surface Water Comprehensive Plan](#) is now ready for public review. The City is requesting comments from residents and business owners on how to address the City's surface and stormwater needs into the future.

Send your detailed comments on the draft plan to [drobinett@ci.seatac.wa.us](mailto:drobinett@ci.seatac.wa.us) by June 13, please place the following text in the subject line of the email: **SWM Comp Plan Comments**. Please contact Don Robinett at 973.4722 if you have any questions.

## Lane reductions at Sea-Tac Airport

As early as Monday, June 3, Sound Transit's contractor, PCL Civil Constructors, will reduce lanes of traffic along roadways at Seattle-Tacoma International Airport, as part of the light rail extension to S. 200th street.

### International Boulevard and South 182nd Street

The left turn lane, closest to the median from northbound International Boulevard onto S. 182nd Street (south entrance into Sea-Tac Airport) will be closed for construction. This lane closure will last for approximately 2 ½ years.

### Airport Entrance Road

Once inside the airport entrance, S. 182nd Street will be reduced by one lane and the speed limit reduced to 20 mph. This lane closure will also be in effect for approximately 2 ½ years. This will allow for building a temporary detour road that will bypass Sound Transit construction on airport property. Work hours will be from 7:00 AM to 3:30 PM.

For more information on this activity, or to receive the most current information about Sound Transit's extension of Link light rail between the airport and S. 200th Street, please contact Jennifer Lemus at 398.5314 or [jennifer.lemus@soundtransit.org](mailto:jennifer.lemus@soundtransit.org).
