The Family Resource Center is a program of Lutheran Community Services serving families living in the City of SeaTac and surrounding communities.

LCS Family Support Centers...

Along with the Family Resource Center at The Village at Angle Lake, Lutheran Community Services manages five other Family Support Centers in King and Snohomish Counties and is looked to as an advocate and leader in the development of these centers. The professional staff at LCS works with residents to strengthen the communities. This results in people working together to mobilize their talents and resources and build stronger, more closely knit communities.

Lutheran Community Services Northwest partners with individuals, families and communities for health, justice and hope.

Creating, Connecting, and Shoring Up Resources for Families

The Family Resource Center is:

- * A dynamic community-based, strength-based program supporting the health and well-being of individuals and families through community partnerships.
- * A gathering place or “hub” where individuals, children, and families learn and grow, share support and information, connect and build friendships, access formal and informal resources, and together create a sense of community.
- * A grassroots program that fosters ownership and planning from the neighbors and community it serves.

What we promote:

Family Stability—We offer support programs that foster the well-being of children and families.

Community Connections—We build cohesive relationships between community and families through partnership.

Parenting Wisdom—We offer education programs that develop parent competencies and confidence.

The Family Resource Center has a beautiful kitchen available for cooking demonstrations.

The facility is available for use by groups and organizations looking to build community connections or offer service delivery .

***We'd love to have you stop by,
introduce yourself and take a
look around.***

What we offer:

Activities available at the Family Resource Center include:

- * **Enrichment activities for children and families**
- * **Parent education**
- * **Community building events**
- * **One-on-one support**
- * **Parent/child early learning groups**
- * **English language skill building**
- *
