

Recology CleanScapes Set to Start Services in SeaTac on June 1

Recology CleanScapes will provide garbage, recycling and food & yard waste collection for SeaTac households, businesses and establishments beginning June 1. If you currently receive collection of these materials you do not need to do anything. All services will be transferred from the previous hauler to Recology CleanScapes on this date.

Some customers may experience a change in collection day. Confirmation of your collection day was included in your "Welcome Packet" which was mailed to you in May. You can also find out if your collection day changed by visiting the Information on Collection Day Changes page on the Recology CleanScapes SeaTac webpage at www.cleanscapes.com/seatac/community/.

All existing carts and containers in use at SeaTac homes, businesses, and multifamily complexes will be relabeled with updated service guidelines and contact information during the month of June. Residential carts will be labeled on your collection day while your cart is at the curb.

New rates are slightly lower for most residential customers. Commercial and multi-family customer rates vary depending on container size and collection frequency, but many rates are also lower. In addition to lower rates, new service options are available that can help you waste less and save more:
